2D BARCODE SCANNER OUTFIT

Transform your HMD Fusion into a high performance barcode scanner with the 2D Barcode Scanner Outfit from Coppernic

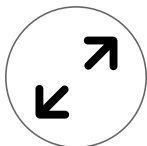

This smartcase can be installed by the users to quickly convert their smartphones into a fit-for-purpose 2D barcode reader in a manner of seconds.

After completing their scanning tasks, the outfit is easily removed to revert back to a great smartphone that fits in your pocket.

Outfit Physical Specifications

DIMENSIONS

170 x 81 x 24 millimeters

WEIGHT

80 grams

Featuring a decoded imaging engine from industry leader Honeywell Advanced Sensing Technologies, this outfit is ideal for use cases that require aggressive scanning functionality.

The top-facing imager with red-dot aiming, physical scan buttons and audible indicators dramatically improves the scanning experience over camera-only applications. Users will be pleased with the improved ergonomic approach including an adjustable handstrap and no requirement to view the Fusion display while scanning.
